Dear partners in care,

Phoenix Children's is proud to present the EMS and Prehospital Care Conference 2023 on Monday, Oct. 30, 2023. After five years of successfully delivering the conference, the surrounding community continues to demonstrate a commitment to improving prehospital care for children as evidenced by an increase in attendance and sponsorships. Since the inaugural conference, participation has increased from 200 to over 700 attendees and 50 sponsors annually.

The conference is an educational and networking event specifically designed to provide EMS and prehospital providers the latest education on pediatric emergency and trauma care. Past participants include administrators, physicians, nurse practitioners, nurses, paramedics, firefighters, EMTs and law enforcement.

Our commitment is to ensure equitable access to the conference so that as many frontline providers as possible are armed with the most up-to-date education. Therefore, Phoenix Children's strives to offer the lowest cost to attendees. This is made possible by community partners willing to sponsor the event. We offer multiple sponsorship levels so that, with your help, we can bring lifesaving education to those responding to pediatric emergencies.
